MANUFACTURER DECLARATION

Lumezzane 10/02/2012

Rubinetteria BIANCHI F.lli Srl, Via Valdoro, 5 - 25065 Lumezzane SS (BS) – Italy

DECLARES

that their PRODUCTS:

- They are made of good practice and procedures made in conformity with the technical / construction listed in its catalog and / or sheets and technical information.

- During the working they are subjected to tests, inspections and final inspections with procedures defined in the procedures of the "System of Quality Management" active in the company and certified by institutes accredited according to UNI EN ISO 9001:2000.

The base material for construction is brass, according to UNI EN 12164, EN 12165, EN 12168, UNI 5033/62, according to product types and processes.

In confirmation of its validity in the use with equipment in contact with water, BRASS has long been used in the field of plumbing distribution.
